ANNUAL REPORT

OF THE

SCHOOL BOARD

In making our annnal report would say that the scholars in districts No. 2, 3, 4 and 5 would compare favorably with pupils of the same age in city schools. Parents must coöperate with the teacher if best results are to be obtained. We earnestly desire that the parents would visit the schools that they might know more by observation and less by hearsay of what is done in the schoolroom. If each parent were to govern a school each would do differently, so it is evident that the teacher and school board must direct that some system may be had. The truancy law must be enforced ; the annoyance of children staying at home for little causes is very injurious to school work.

Roll of Perfect Attendance : Ralph A. Sawyer, first and second term ; Ruth A. Sawyer, first term ; Ward W. Wright, first term.

ANNUAL REPORT

OF THE

TRUSTEES OF THE PUBLIC LIBRARY

The Trustees of the Public Library herewith make their annual report for the year ending Feb. 14, 1903.

Number of books loaned during the year 756.

Number of cards issued 16, making total number of cards issued 447.¹

Number of new books added during the year 98.

Books have been presented to the Library by the following named : Rev. George H. Scott, Thomas W. Lawson, Miss M. A. Page, Arthur Steele, Frank Steele, Eugene E. Sawyer and the Reading Club. The books are in a very good condition with the exception of a few volumes which were among the first books placed in the Library, and having been in constant use since are worn out and need to be replaced. The number who avail themselves of the privileges of the Library largely increased during the year, particularly since the last purchase of books, and we would respectfully suggest that the town appropriate the sum of \$100 above that required by law for the support of the Library for the ensuing year, as it is only by a liberal but judicious expenditure of money for new books every year that we may hope to hold and increase the interest of the town people in the Library, thus making it of incalculable value to the residents of the town.
